

Phi Theta Kappa

Marco Bonometti

Submitted by Phyllisa Eisentraut

Phi Theta Kappa Honor Society is pleased to award this year's outstanding student award to Marco Bonometti. Although Marco is new to the honor society, only joining the Beta Gamma Upsilon chapter this semester, he has demonstrated from our first meeting that he is exceptional. He smoothly stepped into the role of chapter president mid-year, after being introduced to the advisors by his friend and fellow PTK member Sam Gustafson, and hit the ground running, an understatement. Within the first week of taking office, he improved the chapter leadership application process, helped interview and select the new student leadership board, and held his first chapter meeting! Soon after, Marco ambitiously decided to run for regional PTK office and was elected to serve as VP of the Southwest California Region at the annual California/Nevada meeting. He has accomplished so much in such a short period of time. We are thrilled that he will be with us next year too! We are very excited to see what transpires. Go team Marco!
