Submitted by Katie Laris

Charlotte Hecker has been a tremendous creative force in the theatre department. Her involvement in leadership has developed the Drama Club into a major hub of student energy as she has headed up memorable staged readings and performance events. She is an excellent student, actor and director. As an actor she has shown an impressive ability to distinguish herself in varied styles from contemporary realism to farce to medieval comedy to the work of Shaw. Her emotional breadth is equally notable as she is able to express infatuation, fear, courage and delight with remarkable authenticity. She always brings a strong sense of integrity, clarity and power to each endeavor and her impact on the department is evident and enduring.
